

AKSHAY LINSON M

AI SOFTWARE ENGINEER

+91 8157953586 | akshaylinson24@gmail.com | Thrissur, Kerala

ABOUT ME

AI Software Engineer with hands-on experience building production-ready AI-integrated systems such as CRM, ERP, SAAS tools, dashboards, and automation workflows. Strong in React, Typescript, Python, MERN Stack, Scalable Backend services, Database management and Cloud AI deployment with a software-first engineering approach.

PROFESSIONAL EXPERIENCE

AI Software Engineer - Icom Technologies

Dec 2024 - Present

- Developed and optimized software systems integrating intelligent decision logic and automation components.
- Worked on system design, testing, and validation to ensure reliability and compliance with standards. Analyzed system performance and prepared reports.
- Collaborated with teams to support development and productions.

EDUCATION

Bachelor of Technology, Computer Science

Sep 2021 - Nov 2024

Sahrdaya College of Engineering & Technology, Kerala

PROJECTS

- Trintiy Mobile App** - Developed a comprehensive Flutter-based order management application for a clothing brand, streamlining customer management, order tracking, inventory, sales, swatch issuance, authentication, image uploads, search/filtering, pagination, and real-time stock validation to support day-to-day retail, tailoring operations and referral operations.
- Pharmaceutical Complaint Management** - Developed a full-stack pharmaceutical complaint management and QMS platform using React, Redux Toolkit, Python, FastAPI, PostgreSQL, and LangGraph, enabling structured complaint intake, document processing, QA review, and audit tracking.
- AI Content Authenticity & Deepfake Verification System** - Developed a full-stack content authenticity and deepfake verification platform using TypeScript, React, Vite, React Native, Expo, and Python, supporting image/video ingestion, metadata analysis, hashing, and automated authenticity verification.
- Real Estate Property Listing Website** - Developed and deployed a WordPress-based real estate website for Golden Mines Realtors, enabling the company to showcase and manage residential properties, apartments, villas, houses, and land available for sale.

PROFESSIONAL SKILLS
